A tour of Johnston Atoll, KH3

Johnston Atoll is #8 Most Wanted DXCC entity. It seems easy to ride a bike around there but difficult to operate ham radio where it's commonly known DXpedition operators leave no footprints on such trips.

3D2AG/P Rotuma –update by Antoine 3D2AG

The journey back home was long and getting the cargo out of the ship at the wharf in Fiji seemingly even longer in the intense heat, sweat amongst the human bustle and thrown-about copra bags, but in the end all equipment was retrieved and I am also ok, even if not yet fully recovered from the exhaustion and foot infection. Over the next days I will finalise the log transcriptions and upload to Club Log; also slowly getting to answer the flood of emails but first have many urgent tasks on the domestic and QRL side to attend to after a month's absence. Thanks to all that persevered until the end and congratulations for all the QSOs, especially on 160m and 60m.
